

Welcome to the STFM 50th Annual Spring Conference!

There are a few [opportunities to meet as a collaborative](#) during the conference. Please try to attend as many as you can in order to give input for our future as a collaborative, network with other new faculty members, and learn about opportunities for involvement. **Mark these on your conference calendar** so you don't miss them!

- New Faculty in Family Medicine Collaborative **breakfast meeting** - Sunday (5/7) @ 7:15-8:15a in the Harbor Ballroom
- New Faculty in Family Medicine Collaborative **lunch meeting** – Sunday (5/7) @ 12:30-1:30p in Mission Beach B
- New Faculty in Family Medicine Collaborative **Happy Hour** – Monday (5/8) @ 5:30p at a location TBA (will be posted on the STFM CONNECT website at the beginning of the conference)

There will be over 830 separate sessions presented during the conference and it may be overwhelming just thinking about which you may want to attend. Below are two lists that may be helpful.

- The first outlines sessions presented by your fellow New Faculty in Family Medicine Collaborative co-members – **stop on by and be supportive!**
- The second outlines sessions that address topics identified by new faculty members as important in their early academic careers. Due to the sheer number of sessions reviewed, I am sure there are some I have missed – if you find another, please share on our STFM CONNECT page so our colleagues don't miss the opportunity to attend!
- If a topic interests you, please use the **2017 STFM Annual Spring Conference app** (yes, there is an app for that!!) to read the abstract and see if it is a session you want to attend. The app does have a great feature that allows you to create your own calendar while you are at the conference so you never miss a session you want to attend.

Are there multiple sessions you want to attend but they are being presented at the same time? Fret not! Many presenters upload their presentations to the STFM Resource Library or on STFM CONNECT after (and sometimes before) the conference. Don't forget to check for them after you are home from the conference.

Please do not hesitate to call, text, or email me with any questions: AnnaLouNelson@gmail.com or (419) 367-3587
