**1. Title of Project:**

\*

Teaching on the fly: Focused interventions to develop residents as teachers in a primary care model

**Principal Investigator:**

LCDR John Koch Other Investigators: LT Gregory Zhang, ENS Rachel Crispell

We invite you to take part in a research study, which seeks to improve the ambulatory teaching experience. Taking part in this study is voluntary. No personal identifying information will be collected.

**Section 1. Purpose of the Research**

You are being asked to participate in this study as a resident who teaches medical students. The purpose of this research is to evaluate the effect of a teaching workshop on the ambulatory clinic teaching experience for residents and medical students.

**Section 2. Procedures**

You will be asked to complete a pre-intervention survey. You will then be asked to participate in a 2.5 hour workshop on a Thursday afternoon about ambulatory teaching. You will then be asked to complete a post-intervention survey.

**Section 3. Time Duration of the Procedures and Study**

If you agree to take part in this study, your involvement is anticipated to last 10 minutes for each survey and 2.5 hours for the workshop.

**Section 4. Discomforts and Risks**

Minimal risks are anticipated. Emotional discomfort is not anticipated, but in rare instances may be possible.

**Section 5. Potential Benefits**

For residents: improved confidence in teaching, improved clinic efficiency when working with medical students, improved teaching experience.

**Section 6. Statement of Confidentiality**

All information collected will be anonymous. No personally identifiable information will be collected. Anonymous data will be stored in a password-protected spreadsheet.

**Section 7. Costs for Participation**

There are no anticipated costs for participation.

**Section 8. Compensation for Participation**

You will not receive any reimbursement for participation.
